

## LEGISLATIVE UPDATE, March 2, 2021

Welcome to the seventh Child Care Aware Legislative Update of the 2021 Legislative session. This narrative update, along with our Bill Tracker, will be posted each Tuesday (reflecting activity through the previous Friday) on the [Child Care Aware of Minnesota Website](#).

Each week we will provide a brief overview of bills that have been introduced, action that has been taken at the committee level or on the floor, and any other pertinent news related to early care and education and school age care issues. If you have additions to recommend to the bill tracker, please contact [Ann McCully](#).

### OVERVIEW

Some good news arrived on Friday, February 26<sup>th</sup> in the form of the **February Budget Forecast** which showed that Minnesota no longer has an anticipated shortfall for FY 2022-23 and is now projecting a **positive balance of \$1.6 billion** because of a higher revenue forecast, lower state spending, and an increased surplus for the current fiscal year. However, improvements to the economic outlook have not been spread equally, as unemployment continues to disproportionately impact lower-wage workers.

The next steps will be a likely revision of the Governor's Budget, and the provision of "spending targets" for each of the Finance Committees which will guide the creation of their Omnibus Finance Bills.

### COMMITTEE ACTIVITY

The following committees discussed these early care and education/school age care issues during the week of Feb. 22-26:
