LEGISLATIVE UPDATE March 7, 2022

Welcome to the Child Care Aware Legislative update. The updates from the full session, along with our Bill Trackers, can be found on the Child Care Aware of Minnesota Website.

Each week we will provide a brief overview of bills that have been introduced, action that has been taken at the committee level or on the floor, and any other pertinent news related to early care and education and school-age care issues. If you have additions to recommend to the bill tracker, please contact Ann McCully.

OVERVIEW

The biggest news last week was the release of the February budget forecast. As reported by the state’s Office of Management and Budget: “A forecast improvement of $1.507 billion for the current biennium leads to a revised projected general fund surplus of $9.253 billion for FY 2022-23. A higher income, consumer spending, and corporate profit forecast results in an improved revenue projection while spending is slightly lower in E-12 education and Health and Human Services. The revenue and spending forecast changes are mostly one-time and the structural balance in the FY 2024-25 planning estimates remains positive and largely unchanged from November.”
